# The Climate Crisis: a Health Crisis?

Disbeth Hall

## Mental health

more extreme events

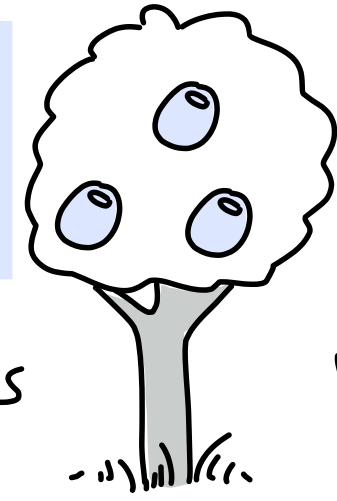

Exposure matters!

+1.5 degrees in the next few years

- Mortality
- Heat stress
- Air pollution

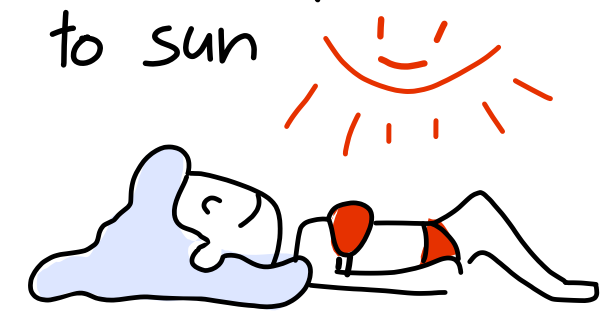

## Pollen allergy

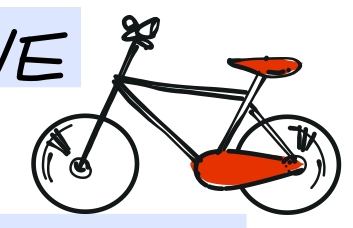

↳ Olive trees

## UV-radiation

- ↳ less cloudy days
- ↳ more exposure to sun

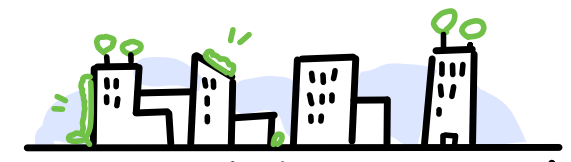

▷ MORE ACTIVE TRAVEL

▷ Physical Exercise

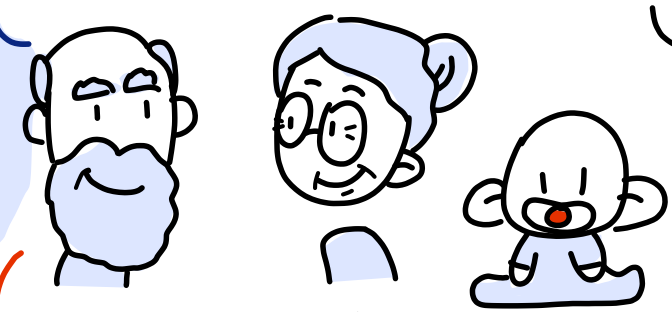

avoid allergenic plants

## GREEN SPACES

URBAN GREENING  
equity  
accessibility

We want to avoid sealevel rise.

Vulnerable groups suffer more

## Integrated approach!

Consider different perspectives

MAXIMISE the Co-Benefits

active mobility

regional nutrition
